

Technology Mission Statement

Central District 301 technology curriculum will serve as a spring board for students to live, learn, and work successfully in an increasingly complex and information rich society. Students will demonstrate technological proficiency in an enriched educational environment. Students will become:

- Competent and proficient information technology users
- Information seekers, analyzers, and evaluators
- Problem solvers and decision-makers
- Creative, effective, and ethical users of productivity tools
- Communicators, collaborators, publishers, and producers.
