CDBL is a non-profit youth baseball organization dedicated to serving the community of Central School District 301. We strive to provide quality instruction in the development of baseball skills, sportsmanship, & competitiveness to foster the love of the game and have fun while doing it.

**Tee Ball** (Ages 4, 5, & 6) - Learn the basic skills needed to become a young ball player! Boys and girls can be part of this instructional league designed where everyone has fun. Parent participation at practice & games is encouraged, so come out and be a part of your little slugger's intro into to baseball!

**Pinto** (Ages 7 & 8) - Watch your child develop his/her skills for the next level! Players will continue to have fun learning the fundamentals of baseball and in no time will catch, throw and hit like the "big kids". Games the first half of the season are all coached pitch. In the second half, we will introduce kid pitch and will be a mix of coach pitch and kid pitch.

**Mustang** (Ages 9 & 10) - Dirt on the uniforms & bubble gum in the dugout. This is youth baseball at its best. The Mustang division introduces full-time "kid pitch" & score-keeping at every game. Watch young players expand their love for the game & build lasting friendships with teammates.

**Bronco** (Ages 11 & 12) - The field gets bigger and the players faster, lead-offs and pick-offs add a new element as youth players have fun learning strategies of the game. Developing skills and knowledge is the cornerstone for all at this level. CDBL has partnered with Algonquin Area Youth Organization (AAYO) and Lake in the Hills (LITH) to bring more teams and a more diverse level competition to teams in this division. Games are split between our home fields and the AAYO/LITH home fields.

**Pony** (Ages 13 - 15) - CDBL has partnered with Algonquin Area Youth Organization (AAYO) and Lake in the Hills (LITH) to bring more teams and a more diverse level competition to teams in this division. Games are split between our home fields at Stonecrest and the AAYO/LITH home fields.
