

Thursday, March 12, 2020

At this time there have been no known cases, or links to cases of the COVID-19 virus in Central 301. However, due to the growing concerns about the community spread of this illness, we will be utilizing a student emergency day on Monday, March 16. No students will be in attendance so that teachers can prepare for the implementation of remote learning days in the event they are needed. We do not currently have plans to close school; however, we want to be prepared so we can continue to provide instruction to our students should we be required to close for an extended period of time. Remote learning will allow us to continue to deliver educational instruction and services for all Central 301 students while mitigating the spread of the virus.

We understand that closing school for a day may cause some stress for families. We apologize for this inconvenience; however, this small disruption now will provide for more meaningful learning in the future.
