**KANE COUNTY
BEHAVIORAL
HEALTH COUNCIL**

Making a Difference...Together

Connecting Kane County Residents with Care

Mental health conditions affect millions of people in America each year. The National Alliance on Mental Illness reports that 1 in 5 adults in the US experience mental illness in a given year. It can be difficult to navigate the mental health system when you are looking for help for yourself or a loved one. The Kane County Behavioral Health Council works to make it easier for residents to connect with the appropriate agency for care.

In addition to this printed guide, a searchable service directory can be found on our website at
