Bus Rules

Railroad Tracks

- All school buses must stop at the railroad tracks.
- Everybody has to be quiet.
- When safe, the bus will cross the tracks.

Safety Inside a Bus:

Evacuation Drills

We perform drills 2X a year to remind us of the way we safely leave the bus in the event of an actual emergency.

The drill is done at the school when the bus arrives at the school.

1st Day of Kindergarten

- Be at the bus stop **5 minutes** before pick up time.
- At school, students will receive a bus id tag to be kept on their backpack. The tag will identify the student's name and assigned bus number.
- Please be patient the first week of school, timing can be off up to 15 minutes coming home due to trying to make sure students are on the right bus.

Bus Ride Home

- **A parent MUST be at the bus stop!**
- It is District 301 policy that kindergarten students are not released from the bus unless there is a parent, guardian or older sibling present at the bus stop. This is to ensure the safety of your child.
- If there is no one available to meet your child at the stop, school staff will be notified & **the student will be returned to the school for pickup.**
- If you choose to allow your kindergarten student off the bus without a parent/guardian present, a consent form must be completed and returned to the Transportation Office.
- If you would like to designate any other authorized person to release your student to, you must contact the Transportation Office so that the person(s) can be added to your student's file.

Communication Is Key

- **Become familiar with the Transportation webpage.**
 - www.central301.net/transportation
- **Students and parents talk with your driver, especially for any questions or concerns.**
- **We encourage parents to bring any bus issues or concerns, such as allergies or bullying to the attention of the driver or Transportation Office.**
